Kota Bekasi, Jawa Barat, Indonesia

I am currently pursuing a degree at Universitas Bina Sarana Informatika, with a strong foundation in web development. Proficient in HTML, CSS, JavaScript, and PHP, I have hands-on experience in building and contributing to web projects, including those completed for my campus. Eager to expand my skills and collaborate on innovative projects, I bring enthusiasm, dedication, and a passion for creating user-friendly web solutions.

Work Experiences

JNE - Indonesia

Sep 2022 - Jan 2023

Daily Worker

Worked in package handling and logistics, focusing on sorting and preparing shipments for delivery. Ensured packages were processed accurately and on time.
