DELON PRATAMA

Kota Bekasi, Indonesia | [LinkedIn](#) | +62895333689022 | [delonpratama1009@gnail.com](#) | [Portfolio](#)

Web developer with a solid foundation in both frontend and backend technologies. Currently pursuing a Bachelor's degree in Information Systems (GPA: **3.55**) and experienced in developing responsive web applications using HTML, CSS, JavaScript, PHP, CodeIgniter, and MySQL. Familiar with Laravel, React and Express.js through personal projects and workshops. Interested in building efficient, maintainable code and improving user experience through functional design and performance optimization.

EDUCATION

Universitas Bina Sarana Informatika   **Kota Bekasi, Indonesia**
BS in Information Systems (GPA: 3.55)   *Expected Graduation Date: 2027*
- Relevant Coursework: Web Development, Database Management, Project Management.

UNIVERSITY PROJECTS

CakeBahagia – Cake Store Website   *September 2023 – March 2024*
- Designed and built a responsive online cake store using HTML, CSS, and JavaScript, showcasing over **10+ product items**.
- Enabled seamless product browsing and order placement through an intuitive user interface optimized for mobile devices.
- Enhanced user experience and reduced estimated bounce rate by **25%** through improved navigation flow and layout structure.
- Strengthened frontend development and debugging skills through consistent iteration and **weekly testing sessions** over a **4-month timeline**.

Prolific – Clothing Store Website   *November 2024 – January 2025*
- Engineered a scalable and responsive e-commerce platform using CodeIgniter, Bootstrap, and MySQL, capable of managing **20+ product listings**.
- Integrated key features including user authentication, product filtering, shopping cart, and checkout, leading to a **40% improvement in page load speed**.
- Developed an admin dashboard with full CRUD functionality across **5+ core modules** such as orders, products, users, categories, and reports.
- Employed Git and GitHub for version control, contributing to over **20 commits** throughout the project lifecycle.
- Served as lead developer, collaborating with a 5-**member team** to ensure smooth communication and on-time delivery.
